

PACO TEXTURES MEMO

TO: Gary Wells

FROM: Doug Merrill

February 19, 1981

SUBJECT: DOCUMENTATION OF ASBESTOS USE IN PACO PRODUCTS AT HURST

I am putting together a file on the past use of asbestos in Paco products. I will need the following information concerning Hurst:

1. List of all products made which included asbestos in the formula.
2. Date that the first batch of each of these products were manufactured.
3. Date that the last batch of each of these products were manufactured which still included asbestos.
4. Batch number of last batch for each product containing asbestos.

Please call me if you have any questions regarding this request.
