Re: MWEA INDUSTRIAL GOLD AND SILVER PRETREATMENT AWARDS

Dear Mr. Rains:

The MWEA is continuing the awards program to recognize industries for outstanding achievement in pretreatment. Gold and Silver Award certificates will be presented at the MWEA 1995 Annual meeting. This year's meeting will be held at the Lodge of the Four Seasons with the presentations scheduled during lunch Monday April 10, 1995. Certificates will be mailed to recipients unable to attend.

Awardees are to be selected by the POTW Pretreatment Coordinators based upon the 1994 Pretreatment Implementation Annual Report to be submitted to the Department of Natural Resources, using the following criteria:

* The industry must have some sort of pretreatment or pollution prevention in place.

* Gold awardees must be in 100% compliance with all discharge and reporting requirements.

* Silver awardees must be in 100% compliance with all reporting requirements and may have a few minor discharge violations that do not place them in Significant Noncompliance.

* The industry must have a history of a cooperative working relationship with the POTW.
