Subject: Re: EPA -- Iowa Anti-degradation issue

Great! Let's plan on 8 pm if that works for you.

Tate, so nice to meet you. Thank you for the introduction, Doug.

I am actually going to be staffing the Governor in DC all day tomorrow so a call during the day would be challenging, but I could ~~make a call tomorrow~~ night work if that works on your end. The best number to reach me at is **Ex. 6**

Thank you for keeping this issue on your radar as it is a top priority in our state.

Best,

Stephanie

Hey Stephanie!

We actually just had a meeting on this and are still working our way through the next steps. It's certainly still very much on our radar. May I give you a call tomorrow?

Doug- Thanks for the heads up given the call on Friday. RJ brought us up to speed a couple weeks ago and we've been able to take a look now that we have more of a team in place.

have taken the issue for action, but wanted to connect you with Stephanie. I believe the Governor and Lt. Governor might be speaking with the Administrator via phone on Friday.
