the bath wall

at the entry adds considerable
distinction to this home. An-
other design feature is the
planter which extends from the
entry to the fireplace.

Because of the huge expanse
of glass in the sliding doors at
the rear of the living room, the
patio and living room blend
into one. Although there is
room in the oversized living
room for a dining table, an eat-
ing bar has been located next
to the kitchen for convenience
in the serving of daily meals
and snacks.

Everything about the kitchen
adds up to convenience and
beauty—from the latest built-
ins to the large floor to ceiling
pantry. An extra wide window
above the sink floods this room
with sunlight.

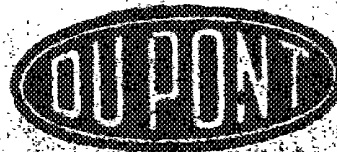

Both the water heater and

broken into linen are on the
hall. The wardrobe in the bed-
room has drawers at the bot-
tom which adds to the general
storage area. The bath features
a tub with shower over and a
pullman lavatory.
