

January 29th, 1951

St. Joseph's Hospital,
21st Street & Broadway,
Lorain, Ohio.

Gentlemen:

We are requesting that you send any available information you may have relative to our employees who have contacted you concerning lead poisoning to:

Dr. Robert A. Kehoe, M. D., Director,
The Kettering Laboratory of Applied Physiology,
College of Medicine,
University of Cincinnati,
Cincinnati, Ohio.

During May of 1943 Dr. Kehoe made a very careful examination of our Foundry and we are again asking Dr. Kehoe and his organization to check the conditions affecting lead poisoning at American Crucible. We would appreciate your cooperation in this matter.

Sincerely,

THE AMERICAN CRUCIBLE PRODUCTS COMPANY

C. H. Herzer, General Manager
