Dear Nick:

Re: Peterson v UCC

This is to confirm our phone conversation of 4/20/88, regarding Solution Vinyl Resin shipment from Perth Amboy. I am sorry to say that I was unable to obtain the history that you requested. Ms. Donna Conner of our MIS Demand Reporting Services group in Charleston, West Virginia tried several different ways to extract data (by location number, Profit Center, Product Code, etc.), but was unsuccessful. I was also unable to locate any hard copy history of SVR shipments from Perth Amboy, from either the UCAR Coatings Resins business group, or the Polyolefins people who used to manage that facility.

I am sorry we were unable to help you.

Yours truly,

C. H. Otto
