Folks:

Thank you for your work responding to the feedback we received from Exec Sec/ASLM on our E.O. 13783 report. Attached below is the latest version of the narrative, which I just sent to the

BLM principals. Please use the attached "clean" version to begin populating the [E.O. 13783 spreadsheet](#) that Glenda Valdez shared earlier today (use URL below if hyperlink doesn't work):

Mike, John, and Kathy:

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

As you know, Exec Sec is anxious to receive this report, as it was due to the Department last week.

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as "pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

Rich - I reviewed your version and the edits from you and Jill looked good.

I've attached two new versions here - track changes with yours and Jill's edits, and a clean version.

I checked the spreadsheet and everything is showing up fine for me - not sure what the lines are that you're seeing. Here's a print screen of how it looks when I open it:

Mike, John, and Kathy:

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

As you know, Exec Sec is anxious to receive this report, as it was due to the

Department last week.

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as "pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

As a follow-up to our conversation yesterday, I added some comments to the BLM's report on EO 13783 based on my understanding of what Exec Sec would like to see. My notes are not comprehensive but will hopefully give you an idea. In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

Attached is the redraft of the 45 day report for SO 3354.

I rewrote the Executive Summary to be more like that in the EO 13783 report.

I went through and made changes to add consistency between this report text and text from the EO 13783 report.

I then went through to add acknowledgement of EO 13783 and SO 3349 as reasons the BLM had undertaken the efforts discussed.

I just made changes, producing V4Clean, and used Document Compare to create a track changes version, attached here as V4.

Thanks Shelley.

I've changed that paragraph to read:

· **March 2017 – September 2018: Leasing Reform, Mining and Energy** - The BLM is working on implementing actions (as detailed in the BLM's E.O. 13783 Energy Report) that address leasing reform, mining, and other energy programs. These actions represent a combination of rule rescissions, reviews of existing policy, promulgation of new policy or guidance, or similar actions, all of which aim to reduce burdens on energy producers. The BLM will continue to pursue these recommendations, which cover a range of categories that include, but are not limited to:

Rich and Jill,

I realized we never updated the spreadsheet with ASLMs edits in the narrative version. So, I've attached a revised spreadsheet that now matches the appropriate text from the word version.

If you have any questions please let me know - sorry for any confusion this causes!

Rich - I reviewed your version and the edits from you and Jill looked good.

I've attached two new versions here - track changes with yours and Jill's edits, and a clean version.

I checked the spreadsheet and everything is showing up fine for me - not sure what the lines are that you're seeing. Here's a print screen of how it looks when I open it:

Let me know if there's anything else I can do to help on this item.

Kelly,

When you open the spreadsheet, do you see a series of lines that stretch across the top portion (columns c through g)? When I open it, I see such lines.

Rich,

I've attached an updated version of the report, as well as BLM's spreadsheet. Kathy Benedetto is still reviewing and can touch base as needed with Kate on these materials.

If you have any questions for me please let me know.

As discussed, attached is a Track Changes and "clean" version of the latest iteration of BLM's report pursuant to E.O. 13783. The attached version incorporates changes intended to reframe our narrative per your and Exec Sec's comments.

Regarding the related spreadsheet, staff for WO-200, 300, and 400 are populating it. They are aware that Exec Sec wants to receive this spreadsheet just as urgently as the narrative.

If you need to reach me today or tomorrow, I can be reached by cell at 202-503-7460. Otherwise, I'll be back in the office on Monday.

Take care,

Peter

Mike, John, and Kathy:

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

As you know, Exec Sec is anxious to receive this report, as it was due to the Department last week.

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as "pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

Peter,

As a follow-up to our conversation yesterday, I added some comments to the BLM's report on EO 13783 based on my understanding of what Exec Sec would like to see. My notes are not comprehensive but will hopefully give you an idea. In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

Thanks,  
Jill
