CORRESPONDENCE

Mr. A. C. Mully

Dear Alan,

This will acknowledge your letter of August 1st, with enclosures, concerning the case of Mr. H.B. Coker.

It seems to us that tetraethyl lead is innocent of causing trouble to this gentleman. However, in reporting these cases, it is customary to send copies to Dr. Kehoe. Therefore, I am forwarding him our file on this and in future suggest an extra copy be made up, so we can all be kept informed.

Very truly yours,

T. W. Lewis
