Aurelia I hope you are doing well and looking forward to some downtime this week with the holiday. We just wanted to check in to see if we can help with any follow up questions or issues. Do you have any availability for a quick call this week or early next? Thanks -- Roger

Aurelia It's good to connect with you. Here is a link to the update Ann mentioned; it's a good and current introduction to the project, and the work GE completed that EPA has called a "historic accomplishment."

I look forward to talking to you, and please let me know if you have any questions in advance.  
Roger

Aurelia,

I'd be happy to talk about the Hudson River and the work that GE has completed on this massive dredging project. I've copied my assistant, Cheryl, who can help find a convenient time for us to connect.

I'd like to include my GC, Roger Martella, who is now leading this project for us. In the meantime, we'll also send you a recent update that we submitted to EPA as part of its Five Year review of the project under CERCLA.

Look forward to talking.

Best,

ann

Anne,

I'd like the opportunity to talk about Hudson Bay and the status of this project. When's a convenient time for you? I appreciate your time in advance.
