

1 THE COURT: It will be admitted into
2 evidence.

3 (Whereupon, Plaintiffs' Exhibit Number
4 OCF-152 was received into evidence.)

5 MR. SMITH: November 26, 1969, the
6 asbestos-free calcium silicate, E.I. duPont position,
7 from Mr. Summer salesman to Mr. Saverstrom in Toledo.

8 We discussed asbestos-free calcium at our
9 Sunnybrook meeting. Since that time, namely this
10 morning, I had a call from Mr. Lang who is assistant
11 to Roy Allen in standards and testing engineering for
12 duPont.

13 George asked me point-blank what we were
14 doing as far as an asbestos-free calcium silicate is
15 concerned.

16 I assured him that we were working on it,
17 and I was not in a position to say how close to market
18 it was. He stated, and I quote, this thing is coming
19 on us like a herd of buffalo.

20 If I were you I would exert all possible
21 effort.
