Glasgow, S.1.

21 Jan 1955

Dear Sirs,

We have been consulted by our client Mr. Charles Coyle, 41 Binns Road, Garthamlock. He informs us that he obtained employment with you in 1945 as an asbestos sprayer, and continued at this occupation until December 1953. During this period he contracted pneumoconiosis, as a result of the processes in which he was engaged with you.

The circumstances would appear to show that you are responsible for what took place, and we shall be obliged if you will regard this letter as intimation of our client's claim against you.

We should also mention that it is probable that our client will have a claim in terms of the Workmens Compensation Acts.

Yours faithfully,

TK/DG

(Signed) McGettigan & Co.
