Dear Steve:

Please be advised that this case was last up on February 19th, 1985 in Rockford, Illinois and was continued until June 17th, 1985.

I have recently had a brief conference with Attorney Mitchell Horwitz on this matter and he advises me of the following:

1. That he now has a statement from the treating doctor indicating that this condition from which suffers is causally related and is a chronic condition which will be a life time condition.
2. That he will be motioning the case for hearing in the near future;
3. He asked whether or not we needed a re-evaluation of his client prior to trial;
4. He asked if we were willing to extend any offers based on his past demand letter.

Please advise in all respects.
