

INDUSTRIAL HYGIENE FOUNDATION OF AMERICA, INC.

MELLON INSTITUTE, 4400 FIFTH AVENUE

PITTSBURGH 13, PA.

June 24, 1952

Dr. R. A. Kehoe
Kettering Laboratory
University of Cincinnati
Cincinnati, Ohio

Dear Dr. Kehoe:

From the time of its organization, Industrial Hygiene Foundation has relied upon outstanding individuals to serve on its various technical advisory committees. The Medical Committee has been very helpful in the past in the organization of the program for the annual Medical and Medical-Legal conferences, and also through consultation and cooperation of its members individually and as a group with the staff of the Foundation.

The tenure of all members having expired, new appointments are being made to the Medical Committee, and we would deem it an honor if you would accept membership for a term of three years, to expire on the date of the fall meeting of the trustees, 1955.

It would be helpful if we might have your acceptance at your earliest convenience so that the Foundation's literature may contain the names of the new committees.

The Medical Conference will be held on the morning of November 19, and the Medical-Legal Conferences in the afternoon of the same day. I would appreciate it if you would let me have two or three subjects which you think could be profitably discussed at these conferences.

Very truly yours,

C. Richard Walmer

C. Richard Walmer, M. D.
