

1 and had to work while I was going to school, and I was
2 almost 30 years old, had two kids and no family money
3 and it was clear going to medical school in those days
4 was not in it. So I said well, what else could I do?
5 And this field of preventive medicine was available
6 and was interesting, and I enjoyed it.

7 Q You have a number of certifications that
8 deal with the field of industrial hygiene; is that
9 correct?

10 A Yes, sir.

11 Q First of all I have written up there that
12 you are a CIH or Certified Industrial Hygienist.

13 What is that, and what was involved in
14 getting that qualification?

15 A Well, a certified industrial hygienist is
16 someone who has had a minimum of five years of
17 qualifying experience and passed a two-day written
18 examination that is presented by the American Board of
19 Industrial Hygiene, and certain requirements, you
20 know, character and the like, and essentially prepares
21 you to practice independently as an industrial
