Stuart,

you did not mention SIRC in your industry representation list...as the PBU pays for it you might want to mention it and assign a minimum of days.

Rob:

My spreadsheet as requested.

I agree with Ralph about the need to supplement 2003 facts with anticipated 2004 realities. My list includes the need for more time and perhaps travel for benzene Shanghai, provision for some product stewardship back up role for US LO with Jeff gone and Klaus in EU, BTX VCCEP to Ralph.
