As a follow up to the March 2nd Principals' meeting on the President's Infrastructure Initiative, we will be gathering in EEOB 472 at 2:00 p.m. on March 15th. The purpose of the meeting is to lay out in more detail how we plan on organizing this effort and the data gathering and policy coordination it will entail. This will be the first of many meetings as we try to pull together an integrated approach to infrastructure.

Attached please find an agenda for the meeting and list of participants (if you would like to add a participant, please contact Austin first as space is limited), the memo and presentation handed out at the Principals' meeting on March 2nd, some background on FPISC, and an Executive Order on high-priority projects.

In terms of your involvement, we would like to hear any ideas you have that fall into 6 categories outlined in the attached memo. This meeting will not be long enough for us to discuss any ideas in depth. Instead, I would prefer to have you just give the group bullet points on potential avenues of exploration; so we are able to develop some synergy as a group.

If you have any questions, please reach out to Austin at [redacted]

Ryan,

Coming to you first, and wanted to see if you have time to meet in the next week or so or if you could point us in the right direction for a meeting at EPA, especially on RCRA.

Our client Bloom Energy, a fuel cell manufacturer that runs its fuel cells on natural gas, has tried to work through EPA regulations and we would like to come in and discuss. Here is the short version: Bloom uses a de-sulfurization unit to extract sulfur from natural gas as it enters the fuel cell stacks. In doing so, the units capture a trace amount of benzene, a regulated chemical.

We'd love to talk to you or someone on your staff about this and can bring their General Counsel either next week (the 20-24) 27th or after April 4th. Let me know what works on your end.

Thanks,
T.A.

Somehow, we managed to let our Acting Deputy Administrator's birthday pass by without recognition. To make up for it, please come down to the Deputy's office at 12:30 today to sing the birthday song for the sake of Mike's embarrassment, and let's all eat a cookie together.

AND Shhhhhhhh! Keep it quiet. He told me he didn't want me to do anything, but I know he was lying.

PS: Please forward if you see someone's name missing.

Subject: Hard Rock Mining Meeting

My meeting (accompanied by our economist, Michael McManus) is scheduled for Tuesday April 21 at 11 AM with Barry Breen, and presumably OLEM staff. You asked me to tell you so that you could send someone to attend. Charley Maresca, the Director for Interagency Affairs and me are also meeting with Samantha Dravis on the following day to address this and other issues (SBREFA panel procedures and regulatory reform).

At this meeting with OLEM, I'd like to discuss our comment letter, EPA's preliminary response to this letter, and EPA's plans to work on this rulemaking during the 120 day comment period extension. We'd like EPA to issue a NODA with additional EPA analysis. We also could briefly address 108(b) and the three "other" industries.

David, who is being assigned to this issue within the transition team (and possibly OP?)

George, I thought I'd copy you on this note since this issue is of major significance. Feel free to contact me.

I realize some folks are out on Friday, but need to circle back on this issue this week. My schedule is pretty open and can move things around after 10 am to accommodate if there is a better time on Friday.

Hello OGC:

Anyone connecting to the OGC ALL Hands via Adobe Connect (link below) should not call into the 866 audio conference call in number to avoid sound feedback problems.

We would like to be able to see our remote and teleworking OGC staff on the screen via Adobe Connect, so please turn on your video-cameras for this meeting.

http://epawebconferencing.acms.com/ogcallhands0504 2017/ <http://epawebconferencing.acms.com/ogcallhands050 42017/>

OGC Colleagues: The Quarterly All Hands meeting will not be in room 1153 WJC East due to the unavailability of video-teleconference or data connections there due to the renovations of the room. However, we will stick to the May 4 date to give our invited guests time to prepare and certainty on all of our calendars.

We look forward to introducing our new Deputy General Counsels, as well as, other members of the Administrator's Office team. Also, remember if you have any questions you would like addressed by the OGC management team, but are uncomfortable raising them publicly, you should feel free to place them in the OGC suggestion box located in the 7th Floor large pantry. Thank you.

Regions: Please inform RTP on which room you will be using if connecting via video. Thank you.

Subject: Q&A Session on OMB guidance M-17-22 "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce"

All – we look forward to our Q&A session on OMB Guidance M-17-22 "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce" for agency staff this Friday from 1:30-2:30pm. We've had a number of requests for more than 1 attendee per agency. Given we are unable to set-up a call-in, we have changed rooms at GSA to 1459 and 1460 and we can now accommodate 2-3 people per agency. Please RSVP to pmc.support@gsa.gov <mailto:pmc.support@gsa.gov> <mailto:pmc.support@gsa.gov> by COB tomorrow (5/3). To help us prepare for the session, you can also send-in questions ahead of time to the same email address.

Thank you,

Asma Mirza

Agency Leads,

OMB is hosting an open Q&A session on OMB guidance M-17-22<https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2017/M-17-22.pdf> "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce" working group session on Friday, May 5th from 1:30-2:30pm at the main GSA building, located at 18th and F St NW, room 1425. The purpose of the session is to answer questions agencies staff who are developing the Agency Reform Plans may have about the guidance, provide updates, and determine what future meetings might be useful for this group. While this invitation is going to the Agency Leads identified by the President's Management Council members, please feel to send one representative that is most appropriate for the discussion. The OMB participants include Mark Bussow, OMB Performance Team Lead, and Kristy Daphnis, OMB Personnel Team Lead.

Please RSVP by COB Monday, May 1st to pmc.support@gsa.gov <mailto:pmc.support@gsa.gov> <mailto:pmc.support@gsa.gov> with the name and title of the attendee. As a reminder, please bring a government-issued photo ID such as a PIV card to access the building.

Thank you.

I am writing to request a meeting with you on behalf of our client the PHS group, which consists of a coalition of companies involved in the Portand Harbor Superfund cleanup. My colleague Howard Schweitzer recently met with your colleague Mandy Gunasekara on another non-related issue and she identified you as the best contact within EPA to discuss our particular issue.

PHS consists of 3 of the primary stakeholders that are involved in the next phase of the Portland Harbor Superfund clean-up plan. It is the intention of PHS to work with the EPA, and other primary stakeholders, to not only advance, but to expedite the clean-up plan. We do however have some ideas on how best to accomplish this in a way that would be beneficial to all parties involved.

UPDATE TO INCLUDE THE SF 58 SECTION WORKING MATRIX AND CALL IN NUMBERS

Call in numbers:

[redacted] code [redacted]

All –

To follow up from Friday's afternoon meeting, I would like to schedule our next follow up meeting this Wednesday, May 24th at 3:30pm.

For your information, the Administrator formally announced the Superfund Task Force this afternoon through a press release. Our working draft memo was included and discussed in the press release. https://www.epa.gov/newsreleases/epa-announces-superfund-task-force

Kell wanted you to have a sense of his vision for proceeding. First, this is inclusive. Those of you that wish to participate please do. Second, we will also try to involve all of our Regional Superfund Division Directors if possible. Our first meeting will discuss initial groundwork for the Task Force, including our general directive. While we could easily overwhelm the process with goals, it would be the intent that we agree on 8-10 goals based on input and the Administrator's directive. Based on those identifications, we will determine a captain

for each goal or segment, should we determine to combine some of these areas. To efficiently use our time, I suggest we allow that Captain to choose their resources. Kell intends to sit in on the meetings of these various teams. After the teams have formulated their strategies, we will reconvene as a group and hear the presentations. It will be each of our responsibilities to vet the strategies and be sure others are not warranted or suggest deleting some. Once these are set, the teams again will do individual work to prepare action steps, time frames and assignments. Our final meeting should then be to adopt the plan, agree on final form and prepare for its presentation. Once approved all we have to do is make it work.

This is intended to be as least time invasive as possible-three large group meetings and a number of smaller ones. We are asking Jim Woolford to send out to all of you the 58 section work paper that he, Cyndy Mackey and Byron Brown put together. This will allow a great jump start to each of our thought processes as far as perhaps some goals, some strategies and some steps. This is going to be a great effort. Thanks to all of you for your work to date and for that which you will be contributing in the future

DJ asked that I set up a policy coordinating working group to begin focusing on what the bill is going to look like and some of the bigger policy proposals that will be included. The composition of this working group is intended to be at the level just below deputy principals. With infrastructure being so big in scope, our plan is to have a series of meeting over the next few weeks dedicated to various topic of the bill. We would like for our first meeting to be next week, which will focus permitting. It is tentatively scheduled for Thursday, June 1 from 3 - 5 in EEOB 472. If I can find conference room availability for Wednesday at that time, we will have this meeting Wednesday from 3 - 5. I will let you know on Tuesday morning if I am successful in finding a conference room for Wednesday and send out the WAVES link for access into the EEOB.

Here is a summary of the permitting section. It does not include a final list of all the permitting lane 5's we have been discussing. We are still working through those. Rather, it shows the topic areas that the permitting section will cover and some of the broader ideas that we intend for those sections to cover. For this meeting, we will discuss the proposals that should be included under those sections.

Swift Fuels' corporate leadership, Chairman Rob Broin, and CEO Chris D'Acosta, will be in Washington D.C. on June 6, and 7, and the morning of June 8. Rob Broin is Founder and Chief Technology Officer of Broin Companies (which is now a part of POET, LLC). Both bios are attached.

Swift Fuels is a cutting edge global leader in the development of high-performance unleaded aviation fuels. Rob and Chris would like to brief you on the status of the Piston Aviation Fuel Initiative (PAFI), of which Swift Fuels is a finalist, as well as the future of unleaded avgas at the EPA and FAA.

BACKGROUND

Swift Fuels, headquartered in West Lafayette, IN, is a global leader in the development of high-performance unleaded aviation fuels. In response to the general aviation industry's need to eliminate lead emissions, Swift has developed a 102 Motor octane unleaded aviation gasoline, a replacement for the leaded aviation gasoline (100LL) used in piston-powered aircraft today.

LEADED AVGAS

* Prior to environmental pressure thirty years ago, the lead concentration in general aviation fuel was double what it is today.
* 100LL is being scrutinized as it is currently the source of nearly 50% of annual domestic lead emissions.
* On October 12th, 2006, a petition was filed with the EPA asking the EPA to determine whether lead emissions from general aviation pose a significant risk to human health.
* If sufficient information was found, the EPA was asked to make a formal Finding of Endangerment to public health and welfare. This would result in the regulation of lead emissions caused by the combustion of 100LL.

The Piston Aviation Fuels Initiative (PAFI)

* In response to the petition, the FAA, working in collaboration with the EPA, established PAFI, a government and industry partnership, to facilitate the development and deployment of a new unleaded aviation fuel that can be readily available across the GA fleet.
* In September 2014, the FAA accepted four fuel formulations into the PAFI Phase 1 test program.
* In 2014, the FAA received 17 fuel formulations from six companies, four of which ultimately were accepted into the PAFI Phase 1 test program, including Swift Fuels.
* In March 2016, the FAA announced fuel formulations from Swift Fuels and one additional company were selected for Phase 2 engine and aircraft testing. The testing will begin this summer and conclude in 2018.

ISSUE

* Upon completion of the Phase 2, Swift Fuels is seeking FAA fleet-wide certification for its high-octane fuel, under the coordination of the FAA's PAFI program
* Per 49 U.S. Code § 44714, an EPA endangerment finding under the Clean Air Act gives the FAA the authority to prescribe and enforce standards for aircraft fuel.

49 U.S. Code § 44714

The Administrator of the Federal Aviation Administration shall prescribe—

(1) standards for the composition or chemical or physical properties of an aircraft fuel or fuel additive to control or eliminate aircraft emissions the Administrator of the Environmental Protection Agency decides under section 231 of the Clean Air Act (42 U.S.C. 7571 <https://www.law.cornell.edu/uscode/text/42/7571>) endanger the public health or welfare; and

(2) regulations providing for carrying out and enforcing those standards.

Subject: RE: Sec 3 Registration for Mosquitos

Nancy,

Many thanks for your time this week, and for the time that you put into coming up to speed on this very complex matter.

We are very pleased to hear that OPP has confirmed that we can submit a Section 3 application before the transfer of jurisdiction, and we have started ramping up the resources to complete our Section 3

application as soon as possible.

As we discussed the other day, this process has become quite complicated, with a number of different aspects of it with different agencies, and a number of possible regulatory outcomes. Before we focus all of our efforts on the Section 3 application, I'd like to confirm a couple of key points that are crucial to ensure that we are able to release OX513A males in the summer of 2017. First, that FDA will finalize the guidance to transfer jurisdiction to EPA as soon as possible. As I believe I mentioned on Thursday, OGC has taken the position that EPA cannot issue a Section 3 registration until jurisdiction has formally transferred from FDA (which, as a legal matter, I believe is correct). Therefore, that transfer should take place as soon as possible. FDA has essentially been waiting on Dr. Gottlieb to be confirmed before moving on this action. It is my understanding that once the FDA staff has his concurrence the transfer can be effected almost immediately. Second, that OPP is prepared not only to accept a Section 3 application, but will diligently proceed to evaluate it expeditiously and be in a position to render a decision in time to enable 2017 releases. As we discussed, there is a substantial body of data available that demonstrates the safety and efficacy of OX513A, and I fully believe that these data are sufficient for purposes of a registration. We have previously been told by BPPD that new toxicity data must be submitted to qualify for a registration. As I noted, I have been reviewing, defending, and issuing pesticide registrations since the 1990s, I do not believe that the new data are necessary for the registration – given the substantial existing database on the safety and efficacy of OX513A. We are developing these data, and we would be pleased to submit them post approval, i.e., we would be pleased to accept a conditional registration with the understanding that the data will be submitted within any reasonable time frame that EPA sets. The new data are not necessary, however, to meet the FIFRA standard and register OX513A now.

It is my understanding that this is where Thursday's meeting came out. Before we reach out to Rick and BPPD, however, to discuss the details of developing and submitting the Section 3, I wanted to confirm this understanding.

Please feel free to contact me at the number below, or on my cell phone at 240 483 7786 at any time that is convenient for you.

Again, many thanks for your attention to this matter.

Best,

Keith

Tom, Roy, and Keith,

It was a pleasure to meet you all today (and yesterday). The work you are doing is fascinating to me, not to mention the large potential public health significance.

I've checked with Rick Keigwin, the Acting Director of our Pesticides office, and he has confirmed that you can indeed submit the registration request, and begin the process, before the authority is transferred from FDA to EPA. Rick is cc'd above if you have any specific questions about how to make this happen. I'm sure his staff can provide assistance.

Regards,

Nancy

Hello all,

A group from Earthjustice is in town for a DC visit/week and asked if you could meet with them on Tuesday. Here is the note they sent to us to get the meeting started:

I am writing to request a meeting with DAA Shaw on Tuesday, June 13th. We – Earthjustice – are working with Physicians for Social Responsibility, Moms Clean Air Force, Interfaith Power and Light, National Parks Conservation Association, Asthma and Allergy Foundation of Missouri, Hoosier Environmental Council, and a few others, on a lobby day fly-in to support the Clean Air Act and strong public health safeguards, and in particular the need for strong ozone protections.

We have about 30 people representing six states and in addition to our Hill meetings we would like to also send a delegation to meet with the right people at OAR. Additionally, it would be great if someone from the EJ Office could join. We'll put in a separate request over there, but wanted to flag that for you, in the hopes that the schedules could align.

Could something work next Tuesday? Please give me a call if you have any questions about the fly-in or this request.

I spoke with Terry McGuire from Earthjustice and he thinks we will likely have 4-8 people at this meeting from their organization.

See you Tuesday (Please delegate if you have a conflict).

RE: Meeting request - 6/14

Greetings. I represent the American Concrete Pressure Pipe Association. Our members products are used in drinking water and sewer applications in 90 of the top 100 metropolitan areas in the United States.

ACPPA is a strong support of the SRF program. Maintaining and increasing funding for the SRFs is a priority legislative issue for our organization.

Our association's president - Richard Mueller - will be in Washington, D.C.

on Wednesday, June 14. We'd like to meet with someone in your office to introduce ourselves, establish a line of communication on SRF administration/implementation issues and learn more about current issues and challenges facing these important programs.

Thank you for considering our request.

This follows up on my email a couple of weeks ago about trying to set up a meeting with USWAG to discuss its petition and potential changes to the rule. It looked like this time worked for most people. It would be helpful to do a pre-meet to discuss options.

I expect USWAG will bring its outside counsel. Please invite DOJ. We can set up a call-in number if that is easier for DOJ.

Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day

since the times vary. In addition, invitations to the +1s for Wednesday, 7/19, will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

Subject Senior Leadership Council Meeting - Day 2
Location WJC-N 3rd Floor, The Green Room
Show Time As Tentative

Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day since the times vary. In addition, invitations to the +1s for Wednesday, 7/19, will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

Subject: follow-up meeting on CERCLA108(b)

Mr. Jackson:

On behalf of Freeport-McMoRan, we appreciated the opportunity to meet with you on May 5, 2017, concerning EPA's Proposed Rule on Financial Responsibility for the Hardrock Mining Industry (CERCLA 108b). You may recall that at that meeting, we discussed key points in Freeport's written comments filed in the docket on that same date and provided you a hard copy of those comments. Our view is that EPA's proposed rule did not properly consider state programs governing hardrock mining, particularly mining on private lands, and significantly underestimated the economic impact of the rule on the hardrock mining industry. As we stated in that meeting, Freeport-McMoRan, a major U.S.-based company that is also the world's largest publicly traded copper mining company, updated its Risk Factor relating to this proposed rule in its Form 10-Q filed with the SEC for the first quarter 2017. In that update we indicated that it would be difficult, if not impossible, to obtain the level of financial assurance mandated under the proposed rule.

At the conclusion of our May 5 meeting you indicated that the agency would be interested in further understanding the demonstrated evidence regarding regulation of hardrock mining by state programs. We will be filing additional comments on the proposed rule in early July and those comments will include extensive information on the

state programs relevant to our operations (Arizona, New Mexico, and Colorado). We would like share those observations with you.

Last, we are ready to discuss the administrative process and the prior involvement of the D.C. Circuit Court, including the deadlines in the settlement agreement between EPA and environmental groups and the Court's approval of those deadlines, over the formal written objections made by Freeport to the Court.

We are available to meet during the week of July 17 (our preferred dates), on July 7, or during early August on a day convenient for you. We look forward to having a follow-up conversation with you on this proposed rule that is financially material to our company

Dear Patrick,

Thanks for the response. How does 2:00 pm EDT on July 25 work? If not, is there another time that afternoon that would work? Thanks also for the note about the comment period — Asarco will be submitting comments by that date as well.

Best regards,

Mark

Mark DeLaquil
Partner

I hope all is well. I am reaching out concerning EPA's CERCLA financial responsibility proposal. I represent Asarco LLC, which will be filing comments on the proposal. Asarco would also appreciate the opportunity to discuss its concerns with you or another appropriate EPA official.

Duane Yantorno, Asarco's Corporate Manager for State and Federal Regulatory Affairs, will be in Washington from Arizona in late July so I am hoping to schedule the meeting for either July 25, the morning of July 26, or July 28.

Please let me know if any of those dates work schedule-wise. If not, I can propose alternative dates. Also, if there is any other information I can provide to assist, please let me know.

One last note so that you are fully informed, in February I raised the possibility of a meeting with Kevin Minoli. We tabled the issue at that time due to the extension of the comment period.

Hi all, looking forward to our meeting tomorrow afternoon!

We'll meet here at USDA, since it's a relatively central location, and I can easily secure a room here.

Alex, we'd love to host you, if you can make it here – otherwise we'd love to have you join by phone, if you're available.

When you come to the front desk here at 1400 Jefferson Drive SW, please have your picture IDs ready and ask for Evelyn Suarez.

Thanks so much!

Hi all, great news....here's the time where most (and perhaps all) of our calendars line up for a get together regarding allocation formula factors and goals/performance measures: Thursday at 1:30pm.

We can host at USDA, or we'd be happy to meet at DOT or CEQ. (Jim, Finch, and Alex – do you have a preference?)

Thanks so much and looking forward to it!

Subject: next steps on Rural proposal

Hi DOT and EPA teams, good morning!

Thanks again for making time on short notice for our conversations yesterday! Very, very helpful to think through this with you all.

And so that we can come closer to nailing down our collective best thinking on the Rural portion of the proposal, I'd like to schedule another get-together for next week, regarding formula options and performance/outcome metrics.

You'll be receiving a Doodle scheduling poll email in a few mins – this will easily allow you to check boxes for which dates/times you're available next week, and also see when others are available. Note that the location in the Doodle scheduling poll will say USDA Whitten building, however we can meet at DOT, EPA, or perhaps CEQ (if Alex and/or Allison would want to participate). Also, if you don't receive the email in the next hour or so, let me know (perhaps your agency's server may block it, so I'll attempt to resend directly to you).

Also, am happy to talk by phone if you have any questions. 202-597-0486 is my cell.

Thanks so much!
Jannine

Subject: Correction of EPA's Blanket Prohibition on Beneficial Use of

Coal Combustion Residuals to Reclaim Clay Mines

Dear Mr Johnson;

I am writing on behalf of Charah, LLC ("Charah") to request that EPA correct an erroneous and counter-productive interpretation of the coal combustion residuals ("CCR") rule that imposes an absolute prohibition on beneficial use of CCR to reclaim clay mines. Details of our issue and request are included in the attached letter. Charah requests that after review of our letter and matters related to the issues, we, and other interested parties, be granted an opportunity meet with you and other appropriate EPA representatives to discuss the issues. A copy of the attached letter has been mailed to your office.

Charah appreciates your consideration. If there are any questions, please contact me at (502) 410-9295 at your convenience.

Thanks,

Danny Gray

Subject Pre-meeting for Deputies Meeting on Permitting
Location EEOB 350
Show Time As Busy

All–

The purpose of this meeting is to discuss significant policy provisions in the permitting section of the President's infrastructure legislative package. Prior to the meeting, we will send this group a draft of the permitting principles so that you are prepared to discuss any significant policy concerns or considerations on behalf of your agencies. Agency staff who are key to the permitting/project delivery discussion should plan to attend. Deputies may attend this meeting if they'd like, but it's not necessary or expected that they attend.

Note that the subject meeting is a pre-meeting for an Agency Deputies meeting on the permitting section we will hold August 31 to ensure Deputies are informed regarding these proposals before the infrastructure package is finalized for release. The room for the August 31st Deputies meeting will accommodate a +1 for each Deputy, so the +1 should plan to attend this pre-meeting on August 24th.

If you are able to attend and need to be cleared into the building, please use the link and information below. Should you have any questions, please reach out to me at [redacted] or [redacted]

Thank you,
Allison Rusnak

WELCOME REMARKS – Sam Coleman, Acting Regional Administrator

WEATHER/STORM FORECAST –

NOAA tracks the storm and up-to-date information is available at http://www.nhc.noaa.gov/ .

MANDATORY EVACUTION UPDATE –

Update of local jurisdiction Reports

FUEL AVAILABILITY UPDATE –

Update of State Reports

STATE/TRIBAL FEMA ASSISTANCE REQUEST STATUS –

As of today, FEMA has not received any assistance requests from the

states of Texas or federally recognized tribes. Texas Governor Abbott has declared state of disaster for 30 counties. Louisiana Governor John Bel Edwards declared a state of emergency for the entire state of Louisiana in anticipation of severe weather as a result of Hurricane Harvey.

EPA READINESS/PREPAREDNESS –

While EPA has not been formally tasked by FEMA at the request of impacted states or tribes, EPA is

SUPERFUND NPL SITE STATUS –

In preparation for severe weather impacts, EPA assesses conditions at the NPL Superfund sites in the storm's pathway to identify potential impacts and countermeasures. Following the storm and receding floodwaters, EPA conducts rapid assessments to identify damage at sites and initiate cleanup plans if necessary.

PRIMARY INDUSTRIAL FACILITIES –

In preparation for severe weather impacts, EPA assesses conditions at the major industrial facilities in the storm's pathway to identify potential impacts and countermeasures. Following the storm and receding floodwaters, spills and releases are reported to the National Response Center. NRC notifies US Coast Guard or EPA based on preapproved jurisdiction boundaries. EPA conducts follow up inspections and damage assessments in response to reports within EPA jurisdiction.

PUBLIC WATER SYSTEM STATUS –

About 300 Public Water Systems are in the path (red zone) of Hurricane Harvey in Texas. Water systems often have problems due to flooding or loss of power during Hurricanes. Region 6 has developed a tracking system for us to identify systems in the storm's pathway. Both Texas Commission on Environmental Quality and Louisiana Department of Hospitals have uploaded their potentially impacted systems into Response Manager which enables planning for rapid assessments to restore water systems after the storm passes and flood waters recede.

EMERGENCY FUEL WAIVER STATUS –

The typical emergency fuel waiver request follows a path something like the following. An industry member will identify a failure in the fuel distribution system or at a refinery and raise it to Kurt, DOE and/or the state and Region. Since gas stations typically take deliveries two to

three times per week, we normally have 24-72 hours before the system failure will lead to a retail shortage. In that time, the EPA/DOE team will hold calls with the potentially impacted state and industry to validate the issue and confirm relief is justified. Once an issue has been identified, the state air director on behalf of the governor will make a request for specific relief. The OECA team drafts a letter granting the relief for the Administrator's signature. DOE and OAR give concurrence on the letter and it is sent to the Administrator for signature. The signed waiver is quickly then disseminated to the impact states and industry members. The EPA press team will also issue a press release to increase awareness of the actions being taken to address potential fuel shortages.

COMMUNICATIONS UPDATE –

DHS Public Affairs initiated the National Incident Communications Conference Line on Thursday, August 24 and calls continue daily. The NICCL is a standing conference line designated, maintained, and supported by DHS Public Affairs as the primary means for interagency incident communications information sharing during an incident requiring Federal coordination. DHS Public Affairs provides guidance to Federal interagency public affairs headquarters staffs and affected authorities through the NICCL.

Subject	Meeting with Presidents of North America's Building Trades Union and United Association: Permitting and Construction of Infrastructure
Location	DCRoomARN3500/OPEI
Show Time As	Tentative

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees: TBD

Request: On behalf of the combined 3.5 million members of the United Association (UA) and North America's Building Trade Unions (NABTU), I request the pleasure of a meeting with you, President Mark McManus of LIUNA and President Sean McGarvey of NABTU on July 5th 2017. UA and NABTU members care about infrastructure; and that is what we would like to discuss with you. Our members often benefit from the good paying jobs that are a byproduct of development and deployment of all types of infrastructure, from pipelines, to highways and waterways. UA and NABTU have a track record of supporting projects that will create union jobs and we maintain an all of the above approach to energy development.

We are particularly enthused to see the department's efforts to streamline project permitting. An acceleration of permitting and construction of infrastructure carries with it the potential to create thousands of jobs with extensive economic multiplier effects across the United States economy. Specifically we would like to discuss how we work together on the Administration's infrastructure development agenda and share our ideas for public policy that will further our mutual goals: jobs and a growing economy.

Subject Deputies Meeting on the Permitting Section of the Infrastructure Legislative Proposal
Location Cordell Hull, EEOB 208
Show Time As Busy

The National Economic Council will be hosting a Deputies Meeting on the Permitting Section of the President's Infrastructure Legislative Proposal on Thursday, August 31st at 3:00pm in Cordell Hull, EEOB 208. The purpose of this meeting is to discuss significant policy provisions in the permitting section of the President's infrastructure legislative package. The permitting legislative principles build on the Executive Order the President signed on August 15th and include proposed reforms to laws and policies that unnecessarily hamper infrastructure permitting, funding, and delivery. The permitting section has been developed with staff across the Executive Branch, and this meeting will ensure Agency Deputies are informed regarding these proposals before the infrastructure package is released in September.

Please let me know if your deputy is able to attend. Each deputy is able to bring a +1.

If you are able to attend and need to be cleared into the building, please use the link below:

Request:

We will be having our fall legislative fly in the second week of September. As part of the fly in, I was wondering if it is possible to schedule a briefing with you, or other senior EPA staff on September

12th to discuss various priority environmental issues with the Minnesota Pork Producers. Minnesota is the number two state for pork production, behind Iowa.

This would be primarily more of a "getting to know you" meeting with a general discussion on issues on the farm than any specific in depth focus on any single issue.

However, issues of note for Minnesota include the following:

* Nutrients, the value of manure, and water quality standards.
* Air Emissions Reporting from livestock farms
* EPA's NESHAP for Reciprocating Internal Combustion Engines (on farm backup diesel generators) 40 C.F.R. Part 63, Subpart ZZZZ

Attendees:

Michael Formica, National Pork Producers Council

David Preisler, Executive Director, Minnesota Pork

Jill Resler, Chief Operations Officer, Minnesota Pork

Lauren Servick. Director of Communications and Marketing, Minnesota Pork

Jay Moore, President, Minnesota Pork

Greg Boerboom, Vice President, Minnesota Pork

Ben Johnson, Minnesota Pork Ambassador

Daryl Timmerman, Board Member, Minnesota Pork

Subject: Call with IPC CEO

Dear Byron,

We met during an electronics industry meeting with the Administrator on May 2nd. During that meeting, our client IPC, which is a global trade association representing large and small companies in the electronics industry, described issues of concern under various EPA programs affecting the industry and our desire to find solutions that advance environmental stewardship while also minimizing or eliminating unnecessary or overly burdensome reporting/regulation. Per my discussion yesterday with Patrick Davis, I was hoping to set up a call next week between you and the CEO of IPC, John Mitchell, to update you on one of the issues we raised in that meeting. Would you have time either on Monday between 3 and 4:30 or Tuesday at either 11:30 or 12 for a short call?

Thank you,

Gabe

Subject Infrastructure Initiative Communications Coordination
Location EEOB 350
Show Time As Tentative

All--

We are pulling together a group of interagency staff to begin focusing in a more coordinated way on communications efforts associated with the policy, regulatory, and legislative aspects of the President's Infrastructure Initiative. We'll be looking to coordinate a calendar of infrastructure newsworthy events/opportunities to highlight the need for infrastructure investment throughout the country as well as the need for permitting and regulatory reforms. For example, this effort will include identifying proposed and planned opportunities to engage with industry and stakeholders throughout the country, press release opportunities surrounding agency policy or regulatory reforms that align with the President's infrastructure agenda, success stories on accelerated infrastructure project delivery, opportunities for White House leadership involvement at events, and eventually, events surrounding the release of the infrastructure legislative principles.

We look forward to your attendance and participation Monday. Please bring other staff who will be critical to this effort. To obtain clearance to the EEOB, please submit WAVES information using the link and information below.

In the meantime, please contact me with any questions.

Subject Discussion of Recent 108(b) Comments
Location EPA North 3330
Show Time As Busy

OLEM has received significant edits to the 108(b) package this afternoon plus we are working to address FAR comments. After discussing this situation with Byron we thought that with the Wednesday submission to OMB looming we need the principals to get together and agree on a strategy and approach for handling the comments and moving the package to OMB.

If someone has a meeting room downtown that we could use please let me or Meghan/Richard know and we will add the room number otherwise we will try to find space in the OLEM IO.

Acting Deputy Administrator Mike Flynn announced that the Agency would be conducting Cybersecurity Stand-Down events starting in the month of October and concluding in early November.

What is a "Stand-Down"?
A Cybersecurity Stand-Down is a time for employees to focus on security, resilience, and privacy. This year's theme is Spam, and will have several training opportunities beginning next week.

When will event take place?
The stand-down will occur from November 6th – 9th , 2017. Session should last about one hour. Attendance will be taken to provide OAES with a percentage of participation in the sessions. You are free to come to any mandatory sessions.

How will you participate?
During the stand-down you will watch a video on the importance of cybersecurity at EPA, participate in an interactive activity, and engage with your colleagues about keeping information secure.

What is Cybersecurity?
Cybersecurity impacts all of us when we go online, use our mobile device or tablet, or use a cloud-based service. We all interact with various tools designed to protect your personal information. It is critical for everyone to understand cybersecurity and our role in being safe while staying connected to minimize the chance of an incident.

EPA continues to incorporates several measures to protect our data and computing environment. For more information about EPA 's cybersecurity program is available at http://intranet.epa.gov/oei/Cybersecurity.html.

If you have any information security related questions or concerns, please contact Ganiat Aiyegoro, AO Primary Information Security Officer, at 202-566-1798 or James Howard, Information Management Official at 202-564-0407.

All sessions will be located in the WJCN 2530. The session times are as follows:

Wednesday, November 8, 2017 at 1:00 pm to 2:00 pm.

Location Training for Active Shooter Preparedness
Show Time As Tentative

AO Colleagues,

Please plan on attending EPA's Active Shooter Response Training on Thursday, December 7th in WJCN 2530 starting at 9:00 AM.

It's important to prepare for a possible active shooter situation by locating the primary and alternate exits closest to you and walking through your work area to identify:

* Potential hiding places that provide cover (ballistic protection) and concealment (shooter cannot see you).
* Items nearby that could improve cover/concealment.
* Ordinary office items you could use to defend yourself against an attacker/active shooter.

You are strongly encouraged to review the Occupant Emergency Plan (OEP) for the building where you work; please visit the HQ Security in the Workplace <http://intranet.epa.gov/oa/smd/hqsecurity/oep-index.htm> intranet site to access the OEPs for Headquarters buildings. More information can be found on the Active Shooter Response and Preparedness <http://intranet.epa.gov/oa/smd/activeshooterresponsetraining.html> intranet site.

Remember, during an Active Shooter event, you have three options based on where you are when you hear shots fired:

1. RUN: evacuate.
2. HIDE: seek cover and concealment.
3. FIGHT: take aggressive action.

If you have questions, please contact Bill Bellerose, HQ OEP Program Manager, at 202-566-2191 or bellerose.william@epa.gov <mailto:bellerose.william@epa.gov> .

Hi Byron, per my voice mail earlier today, I'm reaching out to chat about the RCRA refrigerant issue that Ohio EPA and Gov. Kasich's office raised with Ken Wagner (overview in attached email thread).

Could I visit next week to brief you (week of Dec 4)? (I'm out of the country the following week). This should be an easy resolution. Many thanks.

Congressman Cramer's staff has requested that EPA participate in a meeting w/Sabin Metals and Mayer Brown LLP about the issue. The staffer plans to invite Tim Keeler (Sabin attorney with Mayer Brown LLP), Bob Jacobsen (Sabin), Bob Hansen (Sabin), and possibly Andy Sabin.

Attached is the incoming August 30, 2017, letter from Senators Hoeven and Heitkamp and Congressmen Cramer, Collins, and Zeldin regarding the impacts to the economy and the environment because overseas producers are not permitted to ship petrochemical byproducts to the U.S. for recycling. Also attached is EPA's November 3, 2017, response to that letter, which ORCR coordinated closely w/OGC, OITA, and the State Department, because they (the State

Dept.), too, had received the same letter from the Hill (to which they responded on October 11.)

James from the Houston Chronicle is going to come here on Monday afternoon. Please come to my office at 5 p.m. Byron, if you are available, you are welcome. Thank you – Liz

Following up from the pen and pad last month, would someone from EPA be available to sit down and talk about the effort to streamline the permitting process at EPA.

I'm particularly interested in how this would impact the construction of petrochemical and gas processing facilities, for which there is high demand in Texas.

I think you'd said Bill Wehrum might be a good person to talk to? Also, someone told me that Henry Darwin had worked on this issue in Arizona, so he might be a good person to interview?

Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,

Update: Please see attached meeting agenda
SAVE THE DATE: Please note the changed dates, location and duration
Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,
Recovery Support Function Leadership Group (RSFLG) Meeting

Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,

Colleagues,

Since we haven't done one of these in a while and have lots of new staff, I thought it'd be nice to schedule some time to all get together. Please forward along to anyone I missed and hope to see many of you there.

Thanks!

Council members,
Thank you for your emails regarding the request to add mining as a new FAST-41 sector. To address agencies' needs for a discussion and/or more information, I will be scheduling a call for late next week with the goal of agencies sharing their questions/comments with the entire Council and having agencies weigh in on those issues related to their experiences and expertise.

Please be sure you (or your designee) is in attendance on the call so we can discuss and determine whether additional information is needed to prepare Council members for a future vote on the request to add mining as a sector.

Sincerely,
Janet Pfleeger

Note: additional information is in my emails of Jan 16th and Feb 6th

The Information Security Oversight Office's (ISOO) March 17, 2016 memorandum gave EPA, and other designated agencies, until June 30, 2017 to complete the FCGR. EPA completed the FCGR, and provided a response to ISOO, on June 27, 2017. As a result of the FCGR, EPA

identified subsequent classification actions necessary for EPA's original classification authority (OCA), the Administrator.

A working group of agency subject matter experts was created to analyze EPA's eight originally classified documents and make recommendations on their classification status. At EPA, only the Administrator/OCA can take a classification action. Before the subject matter experts present their recommendations to the Administrator, Chief of Staff Jackson requested that you be briefed on the recommendations so that you are positioned to advise the Administrator on this matter.

Attached is an unclassified list of the eight documents and the working group's recommendations for each. At this briefing, the subject matter experts will explain the rationale for each of their recommendations. Additional briefing material will be available in advance of the meeting. The eight originally classified documents will be available at the meeting.

All,

This meeting is a follow up to the meeting convened on March 5th, by Chief of Staff Kelly to discuss challenges facing the Corps of Engineers relative to both permitting of non-Corps projects and development of Civil Works projects. Attendees of the March 5th meeting included Secretaries Pruitt, Perdue and Esper, as well as Mr. James, Assistant Secretary of the Army for Civil Works, and Mr. Gary Cohn, Ms. Emma Doyle, Mr. DJ Gribbin. As discussed, Mr. Cohn and NEC was asked to lead an interagency policy improvement process.

This first meeting is being convened to discuss the Corps permitting processes for Non-Corps projects to include section 408 permissions. The initial framing will involve a "quick look back" on how larger challenges have arisen in the permitting processes and a discussion about how challenges can be addressed moving forward. Participants are expected to think outside of the box in putting forth ideas on how to resolve recurring challenges including streamlining duplicative efforts. A similar meeting to review Civil Works project challenges will be scheduled separately.

Prior to the meeting a document that summarizes challenges will be provided. All guests are allowed a plus one.

Update: Read Aheads for tomorrow's meeting attached. Thanks!

The purpose of this meeting is to further our discussion relative to modernizing the Corps permitting of Non-Corps projects. We are compiling the input received and expect to provide a document that summarizes opportunities for quick wins, as well as areas requiring additional focused interagency action. Anticipating that we will quickly begin to move out in a prioritized way, please ensure your policy lead also participates in this meeting.

Dear Colleague:

As mentioned in Doug Kinkoph's email last week, please join us for a demonstration of the new BroadbandUSA <https://broadbandusa.ntia.doc.gov/> website, which will include an overview of the process to submit federal agency content to the site.

We will hold an in-person meeting at NTIA (1401 Constitution Avenue, NW, Room 4893), and will also present the information via webinar. To register for the webinar: https://attendee.gotowebinar.com/register/74733743 26890039043 <https://attendee.gotowebinar.com/register/7473374 326890039043>

Please let me know if you have any questions.

Thanks,

Karen

Apologies everyone – we will be in WJCN 5530 after all. We will have someone posted at the other location to redirect lost traffic.

Colleagues,

As stated in our February 23rd memo <https://www.epa.gov/sites/production/files/2018-02/documents/epa_ej_memo_02.23.2018.pdf> , EPA is launching a new Environmental Justice and Community Revitalization Council (EJCRC). OP AA Brittany Bolen will convene our first meeting of this council on May 29, 2018. I ask that Assistant and Regional Administrators participate in this initial meeting, along with program staff from your organizations involved in EJ and community-based work. One of the first items we will discuss at this meeting will be the council's permanent membership and expectations for future meeting frequency.

The EJCRC will function as the Agency's central decision-making body for determining environmental justice and community-driven strategic priorities and guiding their implementation. The EJCRC will support the Administrator's goals of cooperative federalism and public participation in solving environmental challenges through locally led, community-driven solutions. The EJCRC will also support vulnerable communities in their efforts to grow, revitalize, and thrive by leading the integration and better alignment of the Agency's EJ and community efforts across our programs and activities. We would like to use this meeting to begin a conversation with EPA senior leadership on the most immediate priorities for these programs, which include their involvement with the lead initiative, working with states and meeting communities at their needs.

Attached please find a draft agenda for this meeting. Should you have any questions or need any assistance in preparation for this meeting, please contact Alyssa Edwards (Edwards.alyssa@epa.gov <mailto:Edwards.alyssa@epa.gov> , 202-564-0473).

Subject State Dept Invoices (Italy) Discussion / Coordination
Location DIAL: (b) (6) / CODE: (b) (6)

Good morning everyone:

Related to the Italy DoS invoices, I'd like to set up a time to discuss what we've discovered, what we need to do to close the loop on confirming we have all related invoices for this trip, and coordinate next steps. I'm handling a related FOIA matter in litigation that with a filing deadline next Wed. that is driving the need to develop a course of action. While I don't think everyone needs to participate, OEX, OCIR, OCFO and OGC should be represented.

Apologies for the sudden meeting invite. Please don't hesitate to reach out with any questions or concerns before the meeting.

Thanks,

Ed

Sorry all-I meant to send this yesterday-this is the final briefing on ccr phase 2 scheduled for tomorrow at 11. Steven and the program had some remaining issues they wanted to address in addition to those included in the status report-eg infiltration/ the closure standards. There's a draft briefing paper that I can forward separately

The primary purpose of this call is hear and discuss any comments DOJ may have on the Army's memo to the Corps on CWA 404(g) assumable waters. As some of you may know, we have extended the deadline for comments until COB Friday. That being said, we don't want to delay this review any more than we have to and this is on the only day that works for DOJ on Monday. Hope all of you can make it.
