General Tire & Rubber Co.
1 General Street
Akron, Ohio 44260

Attention: Mr. D. Hagler

Gentlemen:

We at Celanese strive to keep our customers informed of significant new data on the toxicity of all of the chemicals we produce. Attached is a copy of a letter from John N. Lauer, our Vice-President of Marketing, outlining information we have recently received on Vinyl Acetate.

We are also enclosing a statement from the Society of the Plastics Industry regarding a study using Vinyl Acetate, and our current Material Safety Data Sheet for that product.

If you have any questions, please don't hesitate to contact our office or Mr. David Barrett, our Manager of Industrial Hygiene and Toxicology, at the phone number contained in Mr. Lauer's letter.

Very truly yours,

CELANESE CHEMICAL CO., INC.

Robert B. Gengelbach
