HONOR GARZA

I've been asked to assist in the formation of a Safety Task Force to help evaluate a potential safety problem in the plant. I would like you to serve on the committee to help evaluate the current plant safety rule on shoes. The Plant Manager's Safety Board has this problem under study and would like to hear our recommendations before they make a final decision. We plan to meet at 10:00 a.m. on Wednesday, July 28, 1982 in the Personnel Conference Room, # 2. I hope to see you there.

Pat
