February 9, 1989

Mr. Terry Richardson
Owens Illinois Incorporated
711 Southwood Avenue
Columbus, Ohio 43207

Dear Mr. Richardson:

As a matter of record this letter is a function of my January 6, 1989, visit concerning an employee complaint which this office received. The complaint was in response to conditions in the Ware-packaging area in the Hill area.

As we discussed, it seems that the steps of: 1) identifying contaminants, 2) measuring employee exposures to the various contaminants, 3) and implementing the controls necessary to limit employee exposure to the various contaminants, have been conducted.

This Division has industrial hygienists available to conduct surveys which may enhance your current industrial hygiene and safety program. The cooperation extended in this matter is greatly appreciated and if any questions regarding our services arise, please feel free to contact this office at 792-8401.

Respectfully submitted,

Holger Hille
