

1 probably could be easily more than that, sure.

2 Q Are you sure it is not 99 percent?

3 A I mean, 99 percent is a specific figure that
4 I don't know that I have heard 99 percent.

5 We have measured 80 percent clearance. If
6 that is not good enough, maybe you can find another
7 number, but it is certainly most of the fibers we
8 inhale.

9 Q I will tell you the reason I ask that.

10 You have testified for this law firm before,
11 Mr. Angelos' law firm before?

12 A Right.

13 Q In fact, I think the first time I met you
14 was the last time we were in here was January 31st,
15 1996?

16 A If you say so.

17 Q All right. You sat on the same witness
18 stand and do you remember telling the jury that was in
19 here last that close to 98, 99 percent of what we
20 breathe in is removed efficiently?

21 A Is that what it says in the transcript? If
