Letter of Correction

In the Board of Operators minutes for the June 27th meeting, plant requisition No. 929 listed under Chicago has an incomplete title. The following is the corrected title for requisition No. 929:

One Weam Coil Shearing Line and additional dies,
plus Illinois State Taxes omitted from approximately
\$2,000,000 worth of equipment previously approved on
Reqs. No. 926, 927 and 928\$475,855.34

The total of the requisition remains the same, only the title is being revised.
