Subject: RE: Request to speak at the hearing

Bill,

Thank you for reaching out. I have forwarded your request to the team on the ground who should be in contact with you shortly. Given the short notice I am not sure what will be possible on their end, but I asked they make every effort to accommodate Mr. Horton. Unfortunately Mandy and I are in DC and unable to make it to the hearing, but I am looping in Stephen Gordon, Deputy Director for Public Engagement, who will be in Charleston. I am unsure of his schedule as he may be on one of the panels, but if logistically possible would suggest you two touch base as he is a great addition to EPA. Anything else just let me know.

Best,

Alex

Subject: Request to speak at the hearing

I am Bill Raney and I am with the West Virginia Coal Association and I am scheduled to speak

at the hearing on Tuesday morning. I was given your all's names for requesting additional slots to appear at the hearing for those who were not able to request before the deadline. I received a call from Mr. Roger Horton who represents a large number of UMWA coal miners, their families and residents of the WV coal fields. He was unable to make the request on time to be scheduled. Please let me know what information I need to provide to you to determine if it is possible to include Roger. Thanks so much and we look forward to seeing you all on Monday or Tuesday. Please let us know if we can assist with anything while you are our guests.
