Dear Dr. Brown:

Thank you for sending me a copy of the article, Experimental Studies of Asbestosis, and I agree with you that this project was very much worth while.

I do want to thank you for all the good work you did throughout the years keeping the group together and following through on this important study. I will bring Mr. Sumner Simpson up to date because, as you know, he was thoroughly interested in this matter having spent quite a bit of time at the Saranac Laboratory with Dr. Gardner during the summer months when he was at Lake Placid Club.

Yours, *[Signature]*
