METALS DIVISION - "CALIDRIA" ASBESTOS

CUSTOMER CALL REPORT

CUSTOMER & LOCATION: TEXAS REFINERY
MEXICO CITY, MEXICO

INDUSTRY CLASSIFICATION: ASPHALT ROOF COATINGS

SALESMAN: T. P. NORRIS REGION: COMMERCIAL DATE OF CALL: 11/16/83

ASBESTOS HEALTH & REGULATORY DOCUMENTS PROVIDED:

☐ MSDS ☐ Health & OSHA Information Blue Book

☐ Dust Count Report ☐ Other, specify below

PERSONS INTERVIEWED: Tony ~~Calvan~~ GALVAN, Vice President ~~KANAN~~

CALL OBJECTIVE:

Quarterly call on roof coating prospect.

RESULTS OF CALL:

A 35 lb. bag of RG-110 which was reported to have crossed the Mexican border on September 1, 1983, was never received in Mexico City. A new sample bag will be requested by Tony from his office in Fort Worth, Texas.

They are still interested in evaluating RG-110 in a aluminum asphalt roof coating. The use of CALIDRIA(R) would enable them to produce and apply a single package roof coating rather than the two part system now in production.

Estimated yearly protential is 100 ton.

FOLLOW-UP ACTION REQUIRED: 1/13/84 – Sample not submitted yet
Le to Contact Tony

Maintain quarterly contact.
