Dear [REDACTED]
Dear [REDACTED]
Dear [REDACTED]

Cefic, the European Chemical Industry Council, has set up a new Sector Group that will work on Fluorinated Products and PFAS topics (called FPP4EU).

In the attachment, you will find an introduction to the group which includes users and producers of this class of chemistry and an offer of assistance to the on-going efforts.

The group welcomes working with you on this topic, in particular in helping to ensure the development of a robust and comprehensive dataset into the Registry Of Intention and REACH restriction process.

If you have any questions, please reach out to us at [REDACTED]@cefic.be

We look forward to starting a constructive dialogue.

Kind regards

[REDACTED]
