

INTERROGATORY NO. 14: Has the Defendant interchange) results of research, tests, medical studies or experiments regarding the state of the medical knowledge regarding the connection between asbestos exposure and the contracting of pulmonary diseases including lung cancer and asbestosis since 1945 to present? If so:

- (a) When these interchanges took place.
- (b) Who participated in these interchanges.
- (c) Summarize the content of these interchanges of studies.

ANSWER: Defendant objects to this Interrogatory as vague in that the term "interchange" is not defined. Dr. F. W. Knoch, Medical Director of Defendant attended a conference in November 1978, at Tulane University entitled "Update on Asbestos - 1978".
