Hi Tyler,

We need to move your meeting up to 9am. Sorry for the late notice.

Hi Tyler,
I'd be happy to meet. I'm CC'ing Valerie Washington who can help with the logistics.

Valerie, can you please set something up for Thursday the 18th?

Thank you,
Mandy

Hi Mandy – I hope this finds you well in your new role. A few members of the Lignite Energy Council will be in DC on Thursday, May 18 and I was wondering if you might have some time to meet? The purpose of the meeting would be to reconnect with you and provide some background on issues under EPA's purview that our coal producers are currently working on.

Would you have any availability on the morning of Thursday, May 18th?

Thank you for your consideration of this request, and please let me know if you need additional information. Just as a refresher, the LEC is a regional trade association based out of Bismarck, North Dakota representing coal producers and utilities that produce 4,000 megawatts of electricity in North Dakota, approximately half of which is exported to serve approximately 2 million customers throughout the Upper Midwest.

Appreciate it!

Tyler Hamman
Director, Government Affairs
Lignite Energy Council
701-355-2189
