Processed Blue Crocidolite Asbestos Fiber
Your Letter of October 5 to R. T. Halstead

The two samples of processed blue asbestos fiber covered by your above letter were received and tested by Research Center Fiber Department against Purchase Specification 61925-1. Results of their findings are tabulated below.

Material	Cushen Screen Test			
	2-M	4-M	10-M	Pan
AL-2517-M	14.9	0.5	0.2	0.4
ADQA	8.6	6.3	0.7	0.4
61925-1 Spec	4.0	10.0	-1.0	1.0

Material	McNatt - Vet. Screen Test					
	+14-M	+28-M	+100-M	+200-M	+200-M	+14-M
AL-2517-M	55.0	5.0	5.7	8.8	27.5	0.6
ADQA	26.7	6.0	6.6	7.2	53.5	0.9
61925-1 Spec	30-50	0-17	0-16	0-16	36-56	2 max.

Sample AL-2517-M processed Blue Fiber ~~to meet~~ Purchase Specification 61925-1 with respect to ~~per cent of~~ material on the 14-mesh screen. Screen tests also indicate that the Fiber has not been opened enough ~~enough~~ long for satisfactory usage in ~~in~~ compressed sheet
