Dr. Leroy U. Gardner,
The Saranac Laboratory
for the Study of Tuberculosis,
Saranac Lake, New York.

Dear Dr. Gardner:

Some months ago we submitted to you some samples of hydrous calcium silicate, and you gave us some preliminary observations regarding it. At that time we suggested that you proceed with a complete study of the matter, and we are interested to know how far this has progressed.

Very truly yours,

Director of Research

U.E. Soves
js

As collected, this has contained materials, not claimed as
infringing, which were required or assembled during the course of
the litigation. The materials are not claimed as part of the material filed. These
materials are not claimed as infringing and are available for
inspection upon request.
