Thanks Pam. Tate, great to see you and the Administrator this morning! As usual he hit a home run with the afbf crowd.

Know this is way out of your issue area but curious if you know anything or can put me in touch with someone that knows. Don't think it deals with dicamba but bases off our convo want to flag it as an FYI. Thanks!

**Subject:** EPA folks in Kansas

Good morning,

Passing along some information I heard last evening at the Washington County Board meeting. Ohlde Seed Farm, Palmer, is hosting their field day on August 16<sup>th</sup>. Shaun Ohlde commented last night that an acquaintance of his has possible plans to bring 12 D.C. based EPA folks to their field day....supposedly these EPA folks will be in this area of Kansas for several days around that time frame. Do we know about this and if not, do we want to know more? I can visit with Shaun if we do.

Thanks, Pam

**Pam Dankenbring**

Kansas Farm Bureau 5<sup>th</sup> District Administrator
