Dear Doctor:

I represent the compensation insurer of
Walter Nugent, who made payment on the [REDACTED] death
case and others from lead intoxication on or about December
9, 1944 at Artesia, New Mexico.

Dr. Stroup, whom I consulted at Artesia
promised that he would write you for a complete report on
your laboratory and clinical findings, which I will appreciate
for my retainer's files. I shall appreciate your courtesy
in furnishing me with such a narrative at your convenience
and will be glad to reimburse you for a complete medical
report.

Yours very truly,
