

facturer, has presented his \$175,000 Ladino dairy farm, near Reno, to the University of Nevada, Dr. John O. Moseley, president of the school, announced today. The farm will be used in the university's agricultural program.

The property includes 250 acres, 200 head of Holstein-Friesian cows, three registered bulls, seven horses, farm machinery, and a fully equipped dairy with a milking capacity of 100 cows.

Fleischman, who bought the property last year, said in presenting it to the university: "It is my desire that this property be used to further the agricultural program of the University of Nevada for the benefit of the state. From the time I purchased it, it has been my intention to ultimately, by will or otherwise, turn it over to the University of Nevada."

Court Protects Wife Of Film Producer

LOS ANGELES, Sept. 7. (AP)—A superior court order was issued today restraining Film Producer Edward Carry Nicholson from molesting his wife, Roberta, who alleged he had placed her under police surveillance and maintained a campaign of annoyance by telephone and in person.

Mrs. Nicholson, suing for separate maintenance, alleged he has property valued at more than \$1,500,000 and said his income from trust funds amounts to \$1600 monthly. He was described as the grandson of the late F. Edward Carry, former president of the Pullman company.

into battle from the march. Northeast of Warsaw the Russians seized a few more localities, and the Germans said the soviet forces had established at least three bridgeheads on the west bank of the Narew, one of them in the area of captured Ostroleka, 60 miles northeast of the embattled Polish capital.

Most Planes Go To Pacific War

SAN DIEGO, Sept. 7. (AP)—Army officials reported today that 90 percent of the aircraft produced in San Diego is going to Pacific war theaters instead of Europe.

"This means that already we are concentrating on objectives other than Europe," said Lt. Col. Bradley J. Saunders, AAF resident representative at the Consolidated-Vultee Aircraft corporation.

Capt. C. L. Helber, bureau of aeronautics representative, said that 88 percent of Consolidated planes made for the navy also is going to the Pacific.

The two officers said Consolidated's production already had been switched to types needed in the Pacific war, and that the end of the European war would not seriously alter production schedules or need for war workers here.

"TRAGEDY OF POST-WAR"

FREE LECTURE

Tonight--8 P. M.--43 So. 3rd St. Hall

A. D. Cook, Authorized Speaker, Technocracy, Inc., of Seattle, Wash.

Sponsored by Sec. I-R.D. 12137 Technocracy, Inc., San Jose Hear the Following and Many Other Questions Answered

MEN: Shall America continue to conscript them to fight fascism abroad, and to toil at frozen wages, for private entrepreneurs at home—but continue to tolerate the amassing of huge war profits by their employers, the dictators of this so-called sacrosanct system of "free" enterprise?

MATERIALS: Shall America, in war or in peace, continue to tolerate their uncoordinated, inefficient, wasteful handling and distribution by the tycoons of big business?

MACHINES: Shall America continue to tolerate the control and operation of the tremendous productive facilities of this country and this continent—by and for the particular advantage and enrichment of a small minority, thus restricting the potential flow of America's abundance to the majority of America's citizens?

MONEY: Shall America permit the national debt to grow till its carrying and amortization charges shall EAT AWAY MOST OF the national income?
