Pierce norton has a meeting with Pruitt in two weeks. Syd Hupp is calling you or should already have to check on the timing for this week. Which one does he want to do?

Just checking to see if it was still going to be possible for Pierce to meet with Scoot this week? Thanks.

Know that you are swamped, and as I mentioned would not bother you if I didn't think this important. Pierce Norton the CEO of Oneok is in D.C. next week, and very anxious to meet with Scott. For all the obvious reasons present and future feel that this is something that Scott will want to do. He is relatively flexible time wise so should be able to accommodate Scott's schedule. Please call with any questions. Thanks as always. Regards.
