Dr. J. J. Durrett, Director,
Medical Advisory Division,
Federal Trade Commission,
Washington, D. C.

Dear Dr. Durrett:

Your letter of October 16, concerning the probable dangers associated with the use of a lead and sulfur hair dye, arrived during the absence of Dr. Kehoe from the Laboratory. Although the date of his return is somewhat uncertain, he is expected about November 1. I believe it advisable to hold your letter for his personal attention and that you may expect to hear from him during the early part of November.

Very truly yours,

E. R. Fortlage, Secretary to
Dr. Kehoe
