Dr. Robert A. Kehoe
College of Medicine
University of Cincinnati
Cincinnati 19, Ohio

Dear Dr. Kehoe:

It was kind of you to forward us the various reprints, and we are particularly indebted to you for the advice indicated in your letter. At the present time we do not have a process involving lead and lead compounds, but it may be necessary to include such activities in our over-all program.

We appreciate your kind offer of assistance and certainly will avail ourselves of the opportunity if a need arises for a real consideration of the problem.

I wish to take this opportunity to offer my congratulations to you as recipient of the Knudsen Award. It is another honor you richly deserve, and we in industry appreciate your work and your contributions to industrial health.

With kind personal regards, I am

Sincerely yours,

DIAMOND ALKALI COMPANY
