Subject: Call with Administrator Pruitt

Hi there Mr. Foutch,

Thanks for your time on the phone just now! How quickly are you needing to connect with the Administrator? If you were able to be flexible in the late morning tomorrow he could most likely connect with you then but if you are needing a hard start time I might have to push to later in the week. Please let me know your preference and we will get it set up!

Thank you!

Sydney Hupp
