Hi Abbie,

Hope you're off to a good start this week. I wanted to check in on this request for the Waste-to-Energy Association. I've been emailing with the OAR scheduling but haven't yet received potential dates for a meeting. The client is eager to meet given the timing on this rule. Let me know if you need any additional information.

Best, Matt

Hello Aaron and Abbie,

I represent the Waste-to-Energy Association (WETA) with respect to the rule on Large Municipal Waste Combustors (LMWC): New Source Performance Standards (NSPS) and Emissions Guidelines. WETA would like to request a meeting at your earliest convenience to discuss the rule that EPA is preparing. As you may know, EPA is under a court order to complete the rulemaking later this year. If there happen to be any times later this week, WETA would make themselves available, but we will accommodate your schedule.

Best, Matt
