Subject: Enforcement

Hi all,

Saw the Politico Pro story on the new enforcement policy. Is there a memo explaining that policy you could share with me?

Also, was wondering if the directive in the memo I've attached was ever rescinded. And is this new policy related to this attached memo?

Thanks,
-Zack

Subject: Delegation of authority

Because the Presidentially-appointed Assistant Administrators and Regional Administrators have yet to assume their duties, for the next 30 days, the Administrator wishes to retain approval authority for Agency actions having significant regulatory and enforcement effect. The Administrator will rely on the Acting RA's and AA's to identify and send upward any proposed decisions or final agency actions for the Administrator's review which, in the judgement of the Acting RA's and AA's would limit the flexibility of the States, limit energy resource use, impose significant costs on industry or commerce, or otherwise likely result in significant public attention on the proposed decisions or final agency actions.
