March 5, 1985

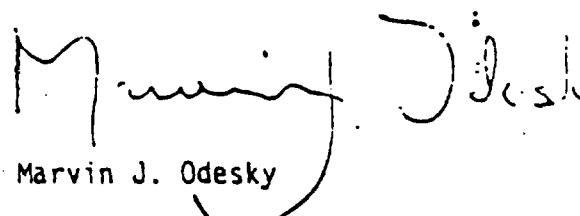

Memo to: Mr. J. R. Alvarez

From: Marvin J. Odesky

Subject: ASBESTOS SURVEY

Attached is the recently completed asbestos survey for the Powerhouse. Please develop a plan including the costs wherein we remove the asbestos bearing material over a 3 to 4 year time frame. Any situation wherein exposure is imminent should be removed right away, however areas which are in good condition can be scheduled to be removed in a planned manner.

I would like for you to submit your plan by May 1.

Marvin J. Odesky
