INTEROFFICE MEMORANDUM

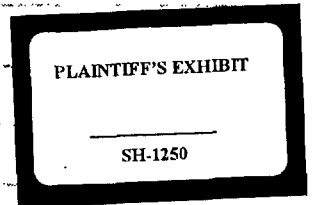

TO L. V. ASHE	DATE MAY 17 1979
FROM K. Z. WRIGHT	SUBJECT ASBESTOS PACKING AND GASKET MATERIAL
COPIES TO LVA, WHP, JDR, OLC	REPLYING TO YOUR LETTER

A discussion was held with Rex Lawson on May 17, 1979. The reason for the discussion was to let him know what we plan to do about the hazard that exists in the handling of asbestos materials such as: asbestos packing and asbestos gasket material.

All asbestos materials will be replaced as soon as a suitable alternate is found. Indications are the change will be in the near future. In the mean while, I will write a memo on "How to Handle Asbestos Packing and Asbestos Gasket Material."
