Injecting	N				
Inspection Comments	Inspector observed bottom cement plug placement on well OS6002000. Spess Oil Company ran in well to 2440 feet below the land surface and pumped 25+ sacks of class A cement. Spess Oil Company pulled pipe from the hole. Spess Oil Company ran a wireline and tagged top of cement on the bottom plug at 1972 feet. Inspector observed no areas of concern during the cement bottom plug placement. Spess Oil planned to free point and remove 4.5 inch well casing 4/20/2023. Spess Oil planned to pump cement top plug on 4/25/2023.
