IT DOES COST LESS TO USE THE BEST BECAUSE

QUALITY BEGINS WITH RESEARCH

The systematic search for the better . . . the painstaking striving for perfection . . . that produced such remarkable materials as nylon and "Lucite" acrylic resin typifies the DuPont research that precedes the production of every DuPont Paint. This background of research is extremely important to you, as a user of paint. Significant to you also is the fact that DuPont Paints are made in just one quality, the finest, so that you may, with confidence, "Buy the paint that's worth the work . . . the beauty lasts!"

DO THAT EXTERIOR PAINTING NOW FALL SPECIALS ONE WEEK ONLY

TRIM AND SHUTTER PAINT

Here's the ideal paint to use to put the finishing touch on your house. "Dulux" Trim & Shutter paint stays bright and glossy for years, resist fading, mildew and discoloration. Comes in a wide range of colors and white.
