

I STAND BACK OF EVERY ONE

Make every job an all-Dutch Boy job!

Be as sure of all your paint materials as you are of Dutch Boy White-Lead. The same high quality you have always known in this pure white-lead is part and parcel of every item in the Dutch Boy line. With these products you can mix paint for every type of surface—wood, plaster, metal, concrete, stucco, brick—exterior or interior. Use them to make every job an all-Dutch Boy job and give your customers quality throughout.

Lewis & Bros. Co., Widener Bldg., Philadelphia.

DUTCH BOY PAINTERS' PRODUCTS—

- 1 Dutch Boy All-Purpose Soft Paste White-Lead**—Pure white-lead in quick-mixing, time-saving form. For inside or outside paint—flat, eggshell or gloss. Just pure white-lead, pure linseed oil and a little turpentine—nothing else.
- 2 Dutch Boy Linseed Oil**—Pure linseed oil of the finest quality, sealed at the factory for your protection. Three types—raw, boiled and Standoil type—the latter is specially treated, bodied oil that improves gloss and leveling qualities.
- 3 Dutch Boy Lead Mixing Oil**—A special oil for use with white-lead in sealing and decorating plaster, wall board, stucco, stone, concrete, brick. For flat and semi-gloss finishes of unusual beauty. Gives paint so durable it is used outside as well as inside.
- 4 Dutch Boy Colors-in-Oil**—True in color tone and high in tinting strength. Insure clean, sharp tints. Soft paste consistency gives quick and complete dispersion. No thinning required. All popular colors.

they give quick and complete dispersion. No thinning required. All popular colors.

- 5 Dutch Boy Wall Primer**—Sealer, primer and paint coat, all in one. Effectively stops suction on porous surfaces such as plaster and wall board. Bridges fire-cracks. Hides blemishes. Spreads easily. Covers far.
- 6 Dutch Boy Liquid Drier**—Formulated for Dutch Boy jobs. A drier that safeguards your paint. Unusually strong. Properly balanced. Will not curdle or discolor the paint.
- 7 Dutch Boy Quick-Drying Red-Lead Primer**—The paint for metal surfaces around a building—gutters, down spouts, fire escapes, fences. Provides sure protection against rust. Dries quickly enough to be painted over the same day.
