

TITLE: SAMPLE TRACKING OF WILDLIFE SAMPLES ANALYZED FOR CONCENTRATIONS OF

**BY:
John L. Newsted
Katherine K. Coady**

ENTRIX, INC

January 5, 2004

NOTE: The sample tracking worksheet (following this worksheet) records all wildlife samples shipped to 3M and analyzed for concentrations of perfluorinated chemicals. The worksheet includes the Environmental Lab LIMS # (when available), associated sample information, and the report published. All wildlife samples were stored at -20 degrees C

F PERFLUORINATED COMPOUNDS

from Michigan State University (MSU) that were sheet records the MSU sample ID, the 3M parts and manuscripts in which results were until analyzed.

SAMPLE TRACKING OF WILDLIFE SAMPLES ANALYZED FOR CONCENTRATIONS OF PERFLUORINATED COMPOUNDS

MSU Laboratory ID	3M Environmental Lab LIMS #	3M Environmental Lab LIMS # (Re-analysis)	Species	Species Classification	Sex	Matrix	Age	Length	Weight	Location	Date Collected	3M Project Name
