15 April 1974

Dear Mr. [REDACTED]:

Our consultants in the study of vinyl chloride, Dr. William Blalock and Dr. Paul Kotin, have informed this plant that all of your tests were normal except for a minor change in one test. They feel this test should be repeated in three months. We are happy to inform you of the general good results of your tests. You will be notified as to when to repeat your tests.

Sincerely yours,

AIR PRODUCTS & CHEMICALS, INC.
