My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on today at 2:30 pm. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all. Again sorry for the oversight sending the directions.

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators from the train otherwise two escalators then do a small U-Turn to the left heading toward 12th street, the South Lobby entrance is directly and immediately to your right (Glass Doors -EPA Signified on Glass).

EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, **which is between Pennsylvania and Constitution Avenue**. It is almost exactly half way between the two avenues on with Federal Triangle Metro sign and Trump Hotel Towers side entrance can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the **South Lobby of the William Jefferson Clinton building**.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Again, our aim is for this meeting to be an introduction to our industry, with a primary focus on ethanol policy and the RFS. In addition, attendees might raise some of the items contained in the attached letter to the Agency re: regulatory relief. This was written in response to an April 20th request from EPA for industry input.

Please let me know if you have any questions. Cheryl, I'll await logistical instructions from you.

Thanks.

Thanks Sydney. Would something later in the day on June 19th work for the Administrator? Our executives will be flying in from around the country, and we're a little worried about being able to get them all in town that early on a Monday morning. If later on the 19th doesn't work, how about June 20th, 26th, or 29th?

Thanks for all your help in getting this set up.

Good afternoon,

I'm with the National Marine Manufacturers Association (NMMA). Earlier this week, NMMA and coalition partners sent the attached letter/petition to Administrator Pruitt. It had the support of over 26,000 recreational boaters and anglers across the country who are calling for RFS reform.

NMMA will have a group of marine engine manufacturing executives in town June 21-22, and we would like to request a meeting with Administrator Pruitt. Our industry's executive leadership would welcome the opportunity to discuss fuel policy and the RFS with the

Administrator.

Please let me know what might be workable.

Thank you.
