

1 Q And how much of your time do you spend doing
2 research, epidemiological research, for these
3 companies?

4 A The remaining 70 percent or so would be on
5 projects, giving presentations at conferences,
6 teaching, writing articles and so forth.

7 Q Do you recall how many total asbestos cases
8 you have reviewed which concern brake mechanics with
9 mesothelioma?

10 A I do not have the number.

11 Q Well, let me ask you, then, to identify for
12 us all of the asbestos-containing -- I am sorry, all
13 of the companies that have sold or made asbestos-
14 containing friction products that you have consulted
15 with in the past and to the present.

16 A Most of the time in any one single case
17 those companies would retain me as a group.

18 Q Okay. Well, tell me how far back you have
19 had a consulting arrangement with Ford.

20 A Probably somewhere in the mid 1980s.

21 Q And you have also done work for General
