RE: Carol Stillo et al vs. Rubbermaid, Inc., et al

Dear Mr. Axler:

In your letter to Ms. M. Friar dated January 10, 1985, you requested copies of 1983 and 1984 articles on health effects of vinyl chloride and polyvinyl chloride. Union Carbide Corporation's Applied Toxicology Department queried MEDLINE and TOXLINE on the subject and delivered printouts with 765 citations.

I have selected from the source approximately 47 references which appear to be pertinent but may be of little value depending on your experts. Copies of individual items can be obtained given sufficient time which may vary from 1 to 12 months. Those written in languages other than English will have to be translated which also takes time.

Please review the abstracts of the 47 articles and mark those you feel a need for. Since these came from four sources there may be some duplication.

Very truly yours,

Dear Mr. Axler:

In your letter to Ms. M. Friar dated January 10, 1985, you requested copies of 1983 and 1984 articles on the health effects of vinyl chloride and polyvinyl chloride. Our Applied Toxicology Department has found literally hundreds of references by computer search. They are sending the computer printout to me to try and sort out pertinent items.

As soon as the printout has been reviewed, I will send the results to you.

Very truly yours,

R. N. Wheeler, Jr.
