Dear Sirs:

Re: Application for Validation in Spain of European Patent No.
0 245 984 (European Patent Application No. 87303682.6) (G)
in the name of E.I. DU PONT DE NEMOURS AND COMPANY
Your ref: CH-1370

Further to our letter of August 7, 1991 advising your British Agent, Brookes & Martin, of the publication in the Spanish Patent Bulletin of a notice indicating that the Spanish translation of the above mentioned European Patent was duly filed, we are pleased to enclose herewith a copy of the Spanish translation of same. This requirement ends all the formalities in the validation in Spain of this European Patent.

We do not know the name of the Du Pont Attorney in charge of this case, since this is one of your earlier European Patents to be validated in Spain and originally we exchanged correspondence only with your British Agent. We beg to enclose our debit note.

Very truly yours,

Agustín R. Catarineu
