

Current Safety Topics in the

**CHEMICAL
INDUSTRIES**

*as presented in sessions of the Chemical Section
at the 40th National Safety Congress*

Pilot Plant and Laboratory Safety (A Symposium) . . .	3
Fire and Explosion Problems	3
Health and Hygiene Problems	8
Engineering Problems—Solved and Unsolved	11
Safety in Chemical Plant Maintenance (A Symposium) . . .	19
The Safety Department Speaks—Cause and Cure of Maintenance Work Accidents	19
The Production Department Speaks—Safety Considerations in Work Scheduling	21
The Maintenance Department Speaks—Safety in Emergency Maintenance Work	26
The Fire Protection Department Speaks—Fire Hazards During Maintenance Work	28
Fire Prevention Through Design	30
Housekeeping in Fertilizer Plants	36
How to Conduct a Safety Meeting	39
Fire Prevention Through Maintenance	41
